Description

Villa lot with Lake Views Location is everything with this 0.50-acre Villa lot with main road frontage on Turtle Tail Drive with beautiful Waterview's out over and towards Flamingo Lake which is called Flamingo Lake for a reason. The location is well known for bone fishing and seasonal Flamingo sightings and the lot positioning would allow any Villa to be built taking in the surrounding views of the water with the potential to enjoy an Oceanview from a second floor of higher villa build (depending on height of Villa built). The access to the lot is via a paved road which leads from the Leeward highway and is situated within easy drivable access to Turtle Cove, Grace Bay and the other parts of the Island. This is a perfect lot to build a Villa which will allow you to enjoy and take in all of what the beautiful by nature Turks and Caicos has to offer with Flamingo lake on your doorstep. (Please note that the photographs with the boundary set outs are a rough guide for visual viewing only)
