Description

Oceanfront Villa Set yourself free on Pine Cay: a secluded private island on the edge of the world's third-largest barrier reef, a boat ride from Providenciales. Blessed with one of the Caribbean's most beautiful beaches. Faraway Villa is tucked away on the south side of Pine Cay which is a privately-owned low-density residential development with approximately 800 acres of land with roughly 600 acres of green space which is jointly owned by the community of 38 home owners. Faraway was built taking into consideration the surrounding area and enjoys an elevation that boasts stunning panoramic views out towards the water and mangrove flats. The Villa consists of two bedrooms on the higher floor with third bedroom located on the ground floor with a half bath. The master suite has an en-suite to the master bedroom and the villa offers a small dipping pool on one of the main decks just off from the main living quarters & master suite bedroom. One of the unique offerings that comes with Faraway Villa is the added benefit of the just under 17 acres of waterfront land which offers the owners a stunning and secluded location on one of the most unique Islands in the Caribbean.
